Santa Catalina 9

Carrer de Sant Magí 9 · Santa Catalina · Ponent · Palma

THESIS

A 32-room hotel in Santa Catalina, a block from the market, run as a three-star since 1998.

Why it is available: the owner is seventy-four and his children run restaurants, not hotels (The seller needs out).

What we do: a full refurbishment over the winter, reopen as a four-star boutique for the market's trade, hold five years.

What has to be true:
· 210 EUR ADR at 70 % — Palma's boutique set runs from 190 to 260.
· The winter closure fits between October and April.
· The Balearic moratorium leaves an existing licence untouched, which it does.

SANTA CATALINA 9 · PROJECT COST

Marisol · 10 November 2026

FROM PRICE TO TOTAL PROJECT COST

What it costs to own the building, ready to trade.

Purchase price	**8.900.000 €**
ITP (transfer tax)	534.000 €
AJD (stamp duty)	66.750 €
Broker commission	267.000 €
Due diligence	44.500 €
Notary, registry, SPV, tax advisory	8.700 €
Total acquisition costs	**920.950 €**
Renovation and fit-out	**324.000 €**
FF&E, IT and locks	**428.800 €**
Permits, licensing, architect	**200.000 €**
Cost base	**10.773.750 €**
GP setup fee	219.872 €
Total project cost	**10.993.622 €**
Per unit	343.551 €

The GP's structuring fee (1 %) sits in every cost base; its financing fee (1 %) only where the deal is financed, so an all-equity structure carries the first and not the second.

EXIT

Capitalised at the exit-year NOI.

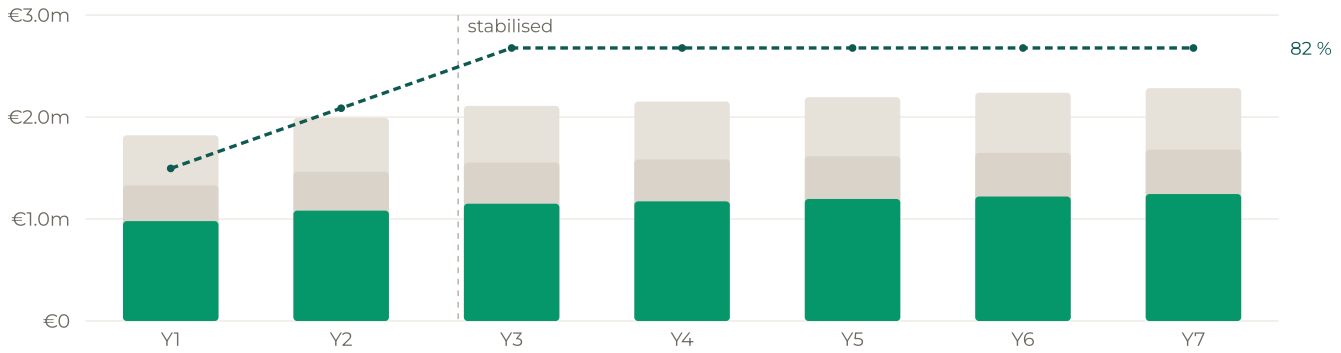

Exit-year NOI (year 7)	1.244.738 €
Exit cap rate	7,00 %
Gross exit price	**17.781.974 €**
Selling costs	-355.639 €
Net exit proceeds	**17.426.335 €**

SANTA CATALINA 9 · OPERATING PROJECTION

Marisol · 10 November 2026

THE RAMP

Total operating revenue, GOP and NOI. The dashed line is occupancy, on its own scale.

PROFIT AND LOSS, 7 YEARS

Figures in € thousands; margins on total operating revenue. Stabilised from operating year 3. USALI order: revenue, departmental and undistributed expenses, GOP before any management fee, the fees, the owner's charges, EBITDA, the reserve, NOI.
